Arke EdTech vs TestVantage

Staff planning note. Arke EdTech markets as ARKE Scholars (arkescholars.com). Public marketing claims only. Not a review, not an attack, and not a copy of their questions, papers, class videos, or brand.

In the app: Help > How we compare > ARKE Scholars (path /how-we-compare).

In one line

ARKE Scholars sells live online coaching (JEE / NEET / Foundation) with daily sheets, an All India Test Series, a scholarship test, and a 24/7 doubt desk. TestVantage is a test and bank product: you own the questions; we do not run a live-class studio.

Summary table

Area	ARKE Scholars (public claim)	TestVantage today	We skip
Daily practice sheet after class	Daily Practice Sheets on the JEE program	Daily Practice Sheet (chapter sheet + print); Today's Drill is a mixed 10-Q compete set	-
Scheduled test series calendar	They advertise All India Test Series	Official mocks + Series calendar on Prepare	We do not copy their paper set or All India brand
Where-you-stand diagnostic	AST scholarship test as a lead funnel	Placement check (short mixed paper to Today's Target); mocks and Forecast after you attempt	No fee-scholarship product or their AST name
Live HD class + polls + recap PDF	Daily live stream, poll, recording they say in 30 minutes, faculty summary PDF	Lecture Planner + optional video link a teacher adds	We are not a live-class studio
Human doubt + video answers	24/7 desk; they claim 30 minutes at peak + video solutions	Ask Your Doubt (peers / staff on a question)	No paid 30-minute human desk or their video pack
NCERT word-to-word / 3D biology	Named on their NEET card	NEET PYQ + your own bank tags	We will not copy their NCERT pack or 3D videos
Analytics and weak-area path	They advertise AI reports	Results, Analytics, Form Forecast, Career Compass	-
Phone app / offline class download	Advertised -- homepage still says Play Store and App Store Coming Soon	Browser at 127.0.0.1 until go-live	Native app waits until go-live
Build your own bank (OCR)	Not their public story -- they sell classes and sheets	Convert OCR, Smart Compose, Gemini trial drafts (staff only)	-

What they advertise (public)

1. Live class institute -- HD live classes with polls, recordings they say go up in 30 minutes, faculty summary PDF and notes. JEE / NEET / Foundation (Olympiads and NTSE named on Foundation).
2. Daily Practice Sheets -- a dated sheet after class, not only a mixed daily quiz.
3. All India Test Series -- advertised with mentorship. Public pages do not show a student exam screen.
4. Scholarship / placement test (AST) -- fee-discount test; they say high scorers can get up to 100% scholarship. Contact form to a counsellor.
5. Doubt desk -- 24/7 Doubt Counter on the app; they say subject experts reply within 30 minutes at peak hours, plus video solutions for popular doubts.
6. NEET extras they name -- NCERT word-to-word, 3D biology sessions, visualization-led medical coaching.
7. Performance analytics -- they advertise in-depth AI reports and personalized paths.
8. Phone app -- offline downloads, practice tests, live notifications. Homepage still says stores Coming Soon.

15k selections and similar counts on their site are their claims, not our audit. Faculty photos are marked as placeholders on their site.

What we have instead

Same TestVantage surface as the Acadza note: Prepare centre, staff Question Bank, PYQ Bank, Compete, Insights, Teaching. Extra pieces added for this map: Daily Practice Sheet, Placement check, Series calendar.

Planning notes (this session already covered)

Added on our side vs their public list: Daily Practice Sheet, Placement check, Series calendar.

Still not ours and not planned as a copy: live-class studio, 30-minute video doubt desk, their AST scholarship funnel, their NCERT / 3D biology pack, native app before go-live.
